**Verified Statement showing that the amendment has been filed to the
USPTO before the due date**

Sir:

After facsimiled an amendment to USPTO on 05 February 2002, the applicant has received nothing until receiving the Notice of abandonment dated 14 June 2002, and then has filed a petition dated 03 July 2002.

The petitioner has further facsimiled the sending unit's report for the corresponding transmitted on February 5 2002, on 11 October 2002. One copy of the sending unit's report for the corresponding transmitted on February 5 2002 is further enclosed herewith.

In the report, the petitioner would like to explain that the year "91" is the Chinese or Taiwanese year, which equals to the year "2002".

In addition, the facsimile was transmitted from 00:06:07 to 00:09:27, for three (3) minutes and twenty (20) seconds, which equals to 200 seconds only. The "200" second time is divided by six (6) seconds, into thirty four (34) counting units. Accordingly, the numeral thirty four (34) is the counting units, but not the pages transmitted. It is impossible to transmit one page in 6 seconds.

In despite of the misunderstanding numerals, the amendment did facsimiled to the USPTO on 05 February 2002, which is on or before the

due date: 05 February 2002, such that the amendment is considered to be filed before the USPTO on or before the due date: 05 February 2002.

Nevertheless, for safety purposes, the petitioner is hereby file the renewed petition under 37 CFR 1.137 for revival of an application for patent abandoned unintentionally under 37 CFR 1.137(b).

Please kindly accept and record the renewed petition under 37 CFR 1.137.
